

THERAMOVES IS PROUD TO PRESENT

ATNR: Assess, Address and Integrate Asymmetrical Tonic Neck Reflex and Promote Functional Skills

PRESENTED BY

DR. KAREN PRYOR, PHD, PT, DPT

WHEN

ON-DEMAND

AVAILABLE FOR 3 WEEKS FOLLOWING REGISTRATION
(ORIGINAL RECORDING 12.9.20, RECORDING TIME 2 HOURS 15 MINUTES.)

WHERE

HOME-OFFICE-CLINIC

FEE

\$59

COURSE DESCRIPTION:

Understanding ATNR primitive reflex and how it lives in the lower brain centers gives us control in the integration process. Nervous system damage or challenges require neuroplasticity tools for effective treatment. This *in-depth* two-hour lecture will give you a new perspective on how to enter the central nervous system with sensory information to assist in rewiring around impairments for improved motor and learning outcomes for children with CNS dysfunction.

This lecture is for early intervention to school-age children

TARGET AUDIENCE: PT, PTA, OT, OTA, SLP AND EARLY INTERVENTIONIST

LEVEL OF INSTRUCTION
BEGINNER

INSTRUCTIONAL METHODS
LECTURE, SLIDES, VIDEOS

LEARNING OUTCOMES WILL BE COMPLETED ON THE COMPUTER VIA AN ON-LINE SURVEY/POSTTEST. A SCORE OF 70% OR HIGHER IS NEEDED IN ORDER TO RECEIVE THE CERTIFICATE OF COMPLETION.

TheraMoves Services, LLC, is Approved for Sponsor by NYS Board for OTs and OTAs

TheraMoves Services, LLC is recognized by the NYSED's State Board for physical therapy as an approved provider of PT & PTAs continuing education, Approved for 2.4 contact hours

Approved for 2.0 contact hours by NYSED's State Board for speech-language pathologists

Credits listed are offered by TheraMoves for full attendance

AGENDA: 2 HOURS

25 min - Evaluation – Look at the patient functionally to see the nervous system A. Purpose for primitive reflexes

20 min - Causes for primitive reflex obligatory demonstration

A. How the brain relates information for survival

40 min - Case study, History, Evaluation

35 min - Treatment – Cranial nerve sensory pathways used for re-wiring

A. Use of lobes for neuroplasticity advancement

B. How to naturally decrease spasticity effectively

C. Progress of the patient

D. Results

LEARNING OBJECTIVES: AT THE END OF THIS SEMINAR THE PARTICIPANT WILL BE ABLE TO...

- ◆ Detail a greater understanding of primitive reflex function
- ◆ Identify and **plan effective treatments** for pediatric patients
- ◆ Identify ways to integrate **Asymmetrical Tonic Neck Reflex** influence and increase active movements

WHAT PAST PARTICIPANTS HAVE SAID ABOUT THIS COURSE

“I have been to other courses on primitive reflexes so I always appreciate real life examples, which Dr. Pryor always includes, and makes things very relatable.” - Kathy

“Dr Pryor was able to deliver a great amount of information in a short period of time.” - Susan

“presenter was very educational in her content of her course and I really appreciated how she further explained her knowledge using case studies and demonstration with the doll” - Elana

REFUND & CANCELLATION POLICY: No refunds for on-demand webinars will be issued

PRESENTERS BIO:

KAREN PRYOR, PhD, PT, DPT, has a doctorate in physical therapy and has practiced for 40 years in the field. Involved with birth to three through early intervention since 1986, she developed techniques to be utilized in homes, childcare centers, and school systems to advance therapy programs in children. Karen is a sought after speaker on Neuroplasticity across the United States. Dr. Pryor serves on the Board of Leadership Interagency Coordinating Council for early intervention, appointed by Governor Bill Haslam and Governor Bill Lee of Tennessee from 2014-2024. Karen received President's award for Volunteer Service in Tennessee for the advancement of treatment of children in 2010 from President Barack Obama. In addition, she was an adjunct professor at Tennessee State University for the Occupational School (2012-2013) as well as Volunteer State University Physical Therapy Assistant School (2008-2009). Currently, she is a Certified Clinical Instructor for several additional colleges and universities (e.g., University of Tennessee at Chattanooga, Tennessee State University, Daymar College, Volunteer State Community College and Nashville State Community College). In conjunction with her teaching duties, Dr. Pryor is active on boards of Tennessee State University, Daymar College, and Nashville State Community College. With her years of experience and passion for complete wellness, Dr. Pryor assists in advancing the wider view of how therapy can be integrated from birth through a person's lifespan.

DISCLOSURE: Financial: Dr. Karen Pryor will receive a speaker's honorarium from TheraMoves Services for the presentation. **Non-Financial:** She has no non-financial relationships to disclose.
